### Key developments 2021

The CEO summarizes the company's overall performance in his statement on page 9 in the annual report 2021.

### Guidelines for remuneration

In Bonava's guidelines for remuneration it is stated that remuneration to the CEO shall be on market terms and promote the long-term business strategy. A prerequisite to a successful implementation of the company's business strategy and protection of its long-term interests, including sustainability, is that the company can recruit and retain qualified employees. For this purpose, it is necessary for the company to offer a competitive remuneration.

Remuneration to the CEO consists of fixed basic salary, variable cash remuneration, pension benefit and other benefits.

The remuneration guidelines, adopted by the annual general meeting 2021, are set out on page 48 in the annual report 2021. The auditor's report regarding the company's compliance with the guidelines is available on the company's website.

In addition to remuneration covered by the remuneration guidelines, the annual general meeting of Bonava has resolved to implement long-term share-related incentive plans. The incentive plans are distinctly linked to the business strategy and thereby sustainability and to the company's long-term value creation through the defined performance measures.
