Bonava to take part in Expo Real Trade Fair in Munich

On 4-6 October, Bonava and its Executive Management Team will take part in the annual Expo Real International Trade Fair for Property and Investment in Munich, Germany. The company's aim in participating in the trade fair is to interact with investors, property owners and industry colleagues in order to promote greater understanding of a constantly changing industry.

Bonava's stand will serve as a meeting place for discussions on residential construction and development as well as a platform for displaying some of the many homes and vibrant neighbourhoods created by Bonava.

- Expo Real attracts Europe's foremost players in the industry, so it's only natural that we take part. This is the first time we are participating in the trade fair under our new brand and as an independent company. It will be interesting to meet with investors, customers and other participants, says Bonava President and CEO Joachim Hallengren.

Bonava is active throughout the value chain — from the purchase of sites to the production of finished homes. This allows the company to maintain a customer-centric approach throughout the process as we strive to achieve our vision: to create happy neighbourhoods where people have the highest quality of life.
