Long term share based incentive plan (LTIP 2020)

The AGM approved the board's proposal regarding the LTIP 2020. The LTIP 2020 comprises approximately 50 employees consisting of members of the executive management and certain key personnel within the Bonava group, divided into four categories. The first category comprises Bonava's CEO, the second category comprises the CFO and the BU-managers, the third category comprises regional heads and the rest of the executive management, and the fourth category comprises employees who are responsible for certain functions in Bonava.

To participate in the LTIP 2020, the participant must invest in a personal shareholding in Bonava ("Investment Shares"), which shall be allocated to the LTIP 2020. The Investment Shares shall be acquired specifically for the LTIP 2020, or alternatively, for participants who fulfil Bonava's shareholding recommendation below, an existing shareholding that does not constitute investment shares in another ongoing LTIP may be used as Investment Shares. The participant can invest a maximum of one month's salary (according to salary levels on 1 January 2020) before taxes in the LTIP 2020. The investment can be made at any of the following investment levels: 50 or 100 per cent of the maximum investment. For the CEO, each Investment Share entitles to three (3) share rights and three (3) synthetic shares, for the second category of participants, each Investment Share entitles to two and a half (2.5) share rights and two and a half (2.5) synthetic shares, for the third category, each Investment Share entitles to two (2) share rights and two (2) synthetic shares, and for the fourth category, each Investment Share entitles to one and a half (1.5) share rights and one and a half (1.5) synthetic shares.

Participants in Bonava's LTI programs are recommended to, by way of allocation of LTI shares and personal investments, over time accumulate and retain shares in Bonava to the extent that their respective shareholdings amount to a value corresponding to at least six (6) months' salary before taxes. For the CEO the recommendation is instead a shareholding corresponding to at least twelve (12) months' salary before taxes.

Allocation of shares of series B in Bonava and payment of cash compensation based on the synthetic shares, if any, shall normally take place within two (2) weeks after the disclosure of Bonava's interim report for the first quarter 2023. The maximum number of shares of series B in Bonava which may be allocated in total under the LTIP 2020 shall be limited to 169,170. The cash payment can be based on a maximum of 169,170 synthetic shares where the value of a synthetic share is based on the share price of series B in Bonava at the time of payment.

The share rights and the synthetic shares are divided according to different performance targets. The following applies to the share rights and the synthetic shares received by the participant; 40% shall refer to target 1, 30%

shall refer to target 2, and 30% shall refer to target 3. Allocation of shares of series B in Bonava based on the participants holding of share rights and payment of cash compensation based on the participants holding of synthetic shares, depend on to what extent the performance targets of each series have been achieved.

Target 1 - The performance target is related to Bonava's average return of capital employed (ROCE) during the period 2020-2022.

Target 2 - The performance target is related to the total shareholder return (TSR) on Bonava's shares of series B on Nasdaq Stockholm during a certain measurement period.

Target 3 - The performance target is related to a total shareholder return on Bonava's shares of series B on Nasdaq Stockholm during a certain measurement period, relative to a peer group of approximately 25 chosen companies within the residential development, building or building material sector, on markets where Bonava is active.

Further, the AGM approved the board's proposal regarding transfer of shares of series B in the company in accordance with the following.

- Not more than 169,170 shares of series B in Bonava may be transferred (or the higher number of shares of series B due to recalculation as a result of a bonus issue, a reversed share split or a share split, rights issue, compensation for dividend or similar actions).
- The shares of series B may be transferred to participants in the LTIP 2020 who under the terms for the LTIP 2020 are entitled to receive shares.
- Transfer of shares of series B shall be made at the time and otherwise according to the terms pursuant to the LTIP 2020.

Acquisition and transfer of shares of series B in Bonava

The AGM approved the board's proposal to authorise the board of directors, to, on one or several occasions for the period until the next annual general meeting, acquire a maximum number of shares of series B so that the company's holding following the acquisitions does not exceed 10 per cent of all the shares of series B in Bonava at any time. Acquisitions shall be conducted on Nasdaq Stockholm and at a price per share of series B that is within the price range for the share price prevailing at any time.

Further, the AGM approved the board's proposal to authorise the board of directors to, on one or more occasions for the period until the end of the next annual general meeting, resolve on a transfer of own shares of series B. The number of shares of series B transferred may not exceed the total number of shares of series B held by Bonava at any time. Transfers may be conducted on or outside Nasdaq Stockholm, including a right to resolve upon deviations from the shareholders' pre-emption right. The transfer of shares of series B on Nasdaq Stockholm shall be conducted at a price within the registered price range at the time of the transfer. The transfer of shares of series B outside Nasdaq Stockholm shall be made at a price in cash or value in property received that

corresponds to the share price at the point in time of the transfer of the Bonava shares of series B that are transferred with the deviation, if any, that the board deems appropriate in each case.

The purpose of the above authorisations regarding acquisition and transfer of own shares of series B is to enable financing of acquisitions of companies and businesses by payment with own shares of series B and to continuously be able to adjust the capital structure of Bonava and thereby create added value to the shareholders as well as to enable delivery of Bonava shares of series B and cover costs (including costs for social security costs and payment in accordance with the synthetic shares) in connection with the implementation of Bonava's incentive plan at any time.
